

Seat Cover Ordering Information

The S3C Seat has many unique design features which make your cutomers' buses easier to maintain. One of the key features of the S3C is the two-piece back cover with a "zippered rear panel" on all Lap / Shoulder and ICS seats. The rear panel on a seat back cover is the most often damaged or vandalized component on a school bus and replacement costs including labor can be excessive. Should a back cover be damaged and need replacing often there is no need to replace the entire cover. With the S3C seat cover, simply zip off the rear panel and replace it with a new one!

Note: All "Restraint" Seats have the traditional cover assembly.

Zippered Rear Panel Cover installation

Lap / Shoulder & ICS Rear Zippered Panel Cover

Seat Type	Front Panel	Rear Panel**	Assembly Complete
<u>Lap / Shoulder</u>			
Regular Thickness Back	X	X	
Thin Back	X	X	
Flip Seat	X	X	
<u>Integrated Child Seat</u>			
Lap / Shoulder	X	X	
Non-belted	X	X	
<u>Restraint Seat (Lap Belt Ready)</u>			
Regular Thickness Back			X
Thin Back			X
Flip Seat			X
<u>Cushion</u>			
Lap / Shoulder, ICS & Restraint			X
Flip Seat Cover			X

*****Note: Rear Panel is the Same for Lap/Shoulder and ICS Seats!*****
